Case Study: CITY OF POCAHONTAS, ARKANSAS

CSA Software Solutions Helps City of Pocahontas, Arkansas by Setting Up and Installing CenterPoint Fund Accounting and Payroll to Reduce Their Payroll Processing Time and Make Accounting Process Less Tedious.

A Fund Accounting Solution

The City of Pocahontas is located in the Northeast section of Arkansas along the Black River. The City is the county seat of Randolph County and has a population of 6,608.

The city had been previously using a popular general accounting software package that wasn't designed for governmental accounting.

> *"The tedious task of having to sign in to every single company in Peachtree every time you change from one fund to another doesn't exist in CenterPoint."*

In 2015, in an effort to help the city clerk/treasurer's office with better financial and payroll management, The City purchased Red Wing Software's CenterPoint Fund Accounting and Payroll software.

A Payroll Solution

Along with the Fund Accounting Module, City of Pocahontas implemented the interactive CenterPoint Payroll Software. In the past The City had not been using a payroll software that was designed specifically for municipalities.

CenterPoint Payroll allows employees to work for more than one fund and still get a single W-2. CenterPoint has also simplified the payroll process.

> *"Payroll pay invoices makes it so easy to verify deductions and pay insurances correctly. Monthly withholding reports by vendor i.e. Aflac, etc. are also by employee so it's so easy to identify any errors.*
> ***I'm glad we made the switch. Support is great!"***

Key Points

☑ The tedious task of having to sign in to every single company in Peachtree every time you change from one fund to another doesn't exist in CenterPoint.

☑ Payroll pay invoices due process makes it so easy to verify deductions and pay insurances correctly.

☑ The bank reconciliation process is a real time saver at the first of the month.

☑ Support is great with the team at CSA Software Solutions.

Testimonial

" By using CenterPoint Fund Accounting software, the bank reconciliation process is wonderful and a real time saver at the first of the month. "

Suzanne Hawkins,
Clerk/Treasurer
City of Pocahontas
