

W-2 Forms - Prepare and Print or eFile

Document #:	3042	Product:	CenterPoint® Payroll
--------------------	------	-----------------	----------------------

This document describes how to print and eFile W-2 forms using CenterPoint Payroll and Federal/State Tax Forms (Aatrix). You can print and eFile forms in any combination. For example, many people choose to eFile the federal and state copies and then print the employee copies. An increasing number of people are using the complete eFile process in which Federal and State copies are eFiled and the employee copy is printed and mailed by Aatrix. The W-2 printing/eFiling process includes multiple steps which are detailed below.

Installing the Federal/State Tax Forms (Aatrix) Update:

Please note that this step can be skipped if the process was already completed when printing 1099s.

1. In CenterPoint Payroll, select **Help > Online Updates > Check for Fed/State Tax Forms Updates**. Your system will be updated with the latest Aatrix Federal and State tax forms.
2. If you don't have an internet connection at this PC, you will need to install the **Federal/State Tax Forms (Aatrix)** by downloading it from our website at a computer that does have internet access. If internet access is not available from any computers, you can call the Red Wing Software Sales department at 800-732-9464, and we'll send the updates to you on a CD once a quarter for a minimal annual fee.

Exporting Data from CenterPoint Payroll

1. Begin processing W-2s by selecting **Reports > Federal & State Payroll Forms & Reports > Federal Tax Forms**.
Note: If you have not registered Aatrix or your registration has expired, you will be prompted to register. Step-by-step instructions on how to register Aatrix can be found in the Help. From within CenterPoint select **Help > CenterPoint Help**. Select **Menu > Installation and Registration** from the top of the screen, and then select **Register Federal/State Tax Forms (Aatrix)**.

Forms Update

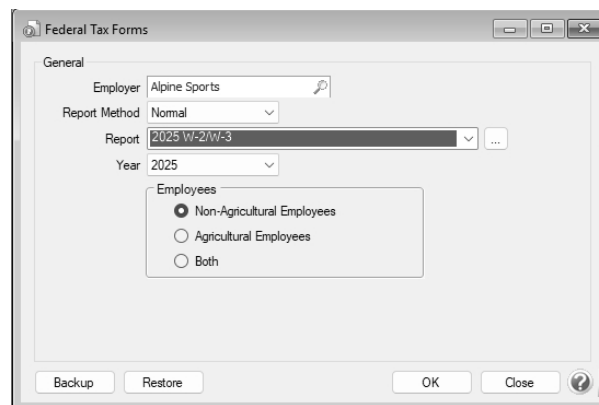

If you have internet access and the latest version of Federal/State Tax Forms (Aatrix) is not installed, the following **Aatrix Update** screen will display when you select the menu selection above.

- » If you want to immediately install the update, click **Yes** and follow the on screen instructions. A progress bar will display as the update continues.

- » If you do not want to immediately install the update and continue processing without the required update, click **No**.

2. The Federal Tax Forms screen will display.

3. Select the appropriate **Employer** and **Report Method**. When you are starting the W-2 process you will select **Normal** in the Report Method. Draft would be used if you want to continue working on a copy that was previously started but not finished. History is only used if you'd like to review the information that was processed and already printed or eFiled.
4. In the **Report** box, select **2025 W-2/W-3** and **2025** in the **Year**. Click **OK**. **Note:** If the 2025 W-2/W-3 is not available in the Report box, then the 4th quarter update for Aatrix has not yet been installed. This can be installed by clicking on **Help > Online Updates > Check for Fed/State Tax Forms Update**.

 **Note:** If you want to add the selected report to the Favorites section of the Report drop-down list, see the [Set Report List Favorites](#) section of the Federal/State Tax Forms topic for more information.

5. Under employees, select whether you want to include **Non-Agricultural Employees**, **Agricultural Employees**, or **Both**
6. Click **OK**.

 **Note:** If the Federal Id is blank in Setup > Employers > Taxes tab, a message will display and the form/report will not be processed until the Federal Id is entered.

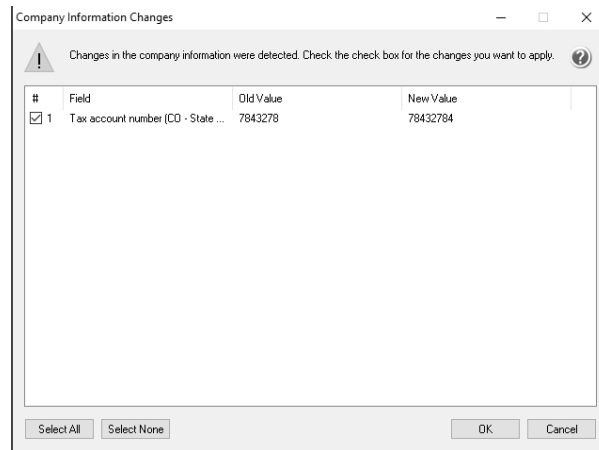

7. It may take several minutes for the payroll data to be transferred to the W-2 printing process. Actual time will depend on the number of employees in your database.
8. To verify that the correct information transferred to Aatrix, you can print the W-2 Summary report from CenterPoint Payroll by selecting **Reports > Reports > Payroll Tax Data Reports Federal Tax Reports** to verify federal, FICA, and FUTA and **Reports > Reports > Payroll Tax Data Reports > State & Local Tax Reports** to verify state, local withholding, and SUTA.
 - » The following **Forms Update** screen will display if you chose not to perform the Aatrix update when you first selected Reports > Federal & State Payroll Forms & Reports > Federal Tax Forms or State Tax Forms. If you want to continue processing your forms without performing the required update, click **Continue Expired**. **Note:** Expired

forms will be marked as expired and **cannot** be filed. This screen will continue to display each time you choose not to perform the required update until you click Yes when first prompted to install the available update or you click **Automatic Update** or **Download Update** to perform the required update from this screen.

W-2 Setup

If changes have been made in CenterPoint that affect the information used on the selected form, a screen indicating that changes were detected in the company information will display.

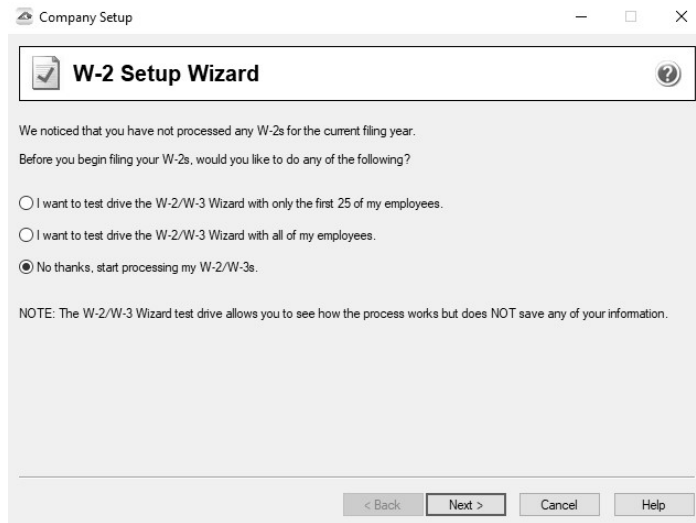

Choose to either accept or reject these changes. To accept only certain changes, use the check box provided to indicate which changes to apply.

 Note: Any changes that are accepted will overwrite the current data stored in the Company Setup Wizard in Aatrix. The Company Setup Wizard will display to allow you to review the new data updates.

 Note: Changing company information in Aatrix does not change company information in CenterPoint. If a change is needed, it is suggested to change company information in CenterPoint.

1. If this is the first time W-2s are being processed this year, the W-2 Setup Wizard will automatically be displayed. The wizard will guide you through the process of verifying data and efilng or printing year end forms. To start the actual W-2/W-3 process, select the recommended **No thanks, start processing my W-2/W-3s**, then click **Next**. To test the process prior to processing the W-2/W-3s, select **I want to test drive the W-2/W-3 Wizard with only the first 25 of my employees or all of my employees**. (The test drive allows you to see how the process works but does not save your selections, changes, or forms.)

 **Note:** If you started processing W-2s previously, printed, or eFiled at least one form and then exited the process, a history file would have been created. The following W-2 History File Options screen will be displayed instead of the W-2 Wizard. Choose the appropriate **Available Action** on the right and click **Next**.

» If the **Reprint Completed W-2s** or **Process Non-Filed W-2 Copies** is selected, it will automatically bring you to the W-2/1099 Preparer detailed in the next section of this document.

2. The Federal Taxpayer Identification Number for this company is displayed. If it's correct, click **Next**. If it's incorrect, click **Cancel**. You will need to go back into CenterPoint Payroll to correct the number by selecting **Setup > Employers > Taxes** tab, selecting **Federal** from the left side of the screen, and then changing the **Federal Tax Id** on the right side of the screen and then start the export process again.

Frequently Asked Questions

Q: Are there any important changes to the W-2 filing process for 2025?

A: There are no specific changes to the W-2 filing process for 2025; however, it is important to remember that the U.S. Department of the Treasury and the IRS issued final regulations on February 21, 2023, that changed the eFile threshold from 250 to 10. The current 10-return threshold comprises an aggregate of return types (W-2, ACA, 1099 forms) covered by the regulation. Click [here](#) for more information. For specific W-2 and ACA form information, click [here](#).

Q: If I choose to eFile my W-2 forms, is there a charge per form/employee?

Q: Where do I enter the employer identification number (EIN) that is required when running Federal or State tax forms?

A: Select **Setup > Employers**. Select your **Employer** and click **Edit**. Click on the **Taxes** tab. Under the **Taxes** in the upper left, select **Federal** to display the **Tax Details** on the right. Enter your **Federal Tax Id**.

Each state you calculate payroll taxes with is also listed under the Taxes in the upper left side of the Taxes tab. Under the State, select the **State tax** such as the State withholding or State unemployment to display the **Tax Details** on the right. Enter your **State Id #**. Click **Save** after completing each required State tax number.

Q: How can I verify taxable wages and tax amounts for this year prior to printing W-2s?

A: To verify those amounts, you can print the W-2 Summary report from **Reports > Reports > Payroll Tax Data Reports > Reports > Federal Tax Reports** to verify Federal, FICA, and FUTA and **Reports > Reports > Payroll Tax Data Reports > State & Local Tax Reports** to verify state, local withholding, and SUTA.

Q: When is the 2025 filing deadline for W-2 forms?

Q: We have one employee with a Social Security number that begins with "900". CenterPoint does not accept a number that begins with the digit 9. The number the employee is providing is an ITIN #. How can I process a W-2 for this employee?

A: The Federal Tax Forms (Aatrix) software will not accept a Temporary SSN so to get past this message you will have to enter 000-00-0000 in CenterPoint in **Setup > Employees** and then when the employee files their W-2 they can file using the temporary number and then provide you with a SSN after receiving the permanent number.

Q. Do I need to order W-2/W-3 forms or can I print them on plain paper?

A. You are able to print all of your W-2 copies on plain paper; you no longer need to print any on preprinted forms. Even the W-3 Social Security Copy A (often called the “red copy”) can be printed on plain paper. Note: There is special perforated blank paper available that is recommended for use when printing employee copies of the W-2s. This paper comes with employee W-2 information printed on the back of the paper (for the employee copy) and blank for the State / Local copies. This paper is available from Computer Forms, Inc. at https://redwing.computerforms.biz/c/tax_forms or by calling 800-458-0158.

Q. Do I need to print my W-2 forms before I close the 2025 year and print January checks?

A. There is no closing process in CenterPoint Payroll, so W-2 forms can be printed anytime.

Q. Why is the 2025 W-2 not available in the list when I select Reports > Federal & State Payroll Tax Forms & Reports?

A. You need to install the latest update of Aatrix Federal and State Tax Forms. Select **Help > Online Updates > Check for Fed/State Tax Forms Updates**. Your system will be updated with the latest Aatrix Federal and State tax forms.

Q. I'm trying to process my Federal forms (W-2, 1099, etc.), but I keep getting the message “Would you like to register now, or evaluate?”

A. You will need to manually register your Federal/State Tax Forms (Aatrix) software.

1. Call Red Wing Software at 1-800-732-9464 and request an Aatrix Registration code.
2. Open **CenterPoint**
3. Select **Help > Product Registration > Federal/State Tax Forms Registration**.
4. In the **Aatrix Registration Key** box, enter the key you were given by Red Wing Software (do not enter the dashes).
5. Click **Submit**.
6. At the **Registration Successful** message, click **OK**.
7. Click **Close**.
8. Your Aatrix software is registered through the last day of the month of your Customer Care Plan anniversary date.

Q. Why am I getting a “forms update” or “mandatory update” message when I try to process my Federal forms (W-2, 1099, etc.) and what do I need to do?

A. At least once a quarter, including at year end, updates are created for the Federal/State Tax Forms (Aatrix) software. When you receive either of those messages, it means that Aatrix has an update available that you should install prior to continuing. If you have internet access at this computer, you can simply select **Automatic Update** and follow the prompts to do the update through the program.

If you have signed up for the service that automatically sends an Aatrix flash drive at the end of each quarter, please follow the instructions that will be included with the flash drive. Those flash drives will begin shipping before January 1, 2026.

If you don't have internet access at the computer that has CenterPoint Payroll installed, but you do have it available at another workstation, follow the instructions below. This process does require the use of a removable drive (CD, thumb, zip or flash drive, USB Drive, etc.).

1. Log into the Red Wing Software website at www.redwingsoftware.com, click the **My Account** button, and from the My Account page, select the **Downloads** tab. Under **CenterPoint Payroll** select **Downloads**, and then select **Federal/State Tax Forms (Aatrix)**. Click the download file and then follow the on-screen instructions.
2. When the download is complete, exit the website. Copy the **RedWingForms.exe** file from your desktop to the removable drive (CD, thumb drive, etc.) you'll be using to move the downloaded file.
3. Take the removable media source to the computer with CenterPoint Payroll and install by double-clicking on the **RedWingForms.exe**.

If you don't have an internet connection at any of the computers, you can call the Red Wing Software Sales department at 800-732-9464, and we'll send the Federal/State tax forms (Aatrix) updates to you on a flash drive once a quarter for a minimal annual fee.

Q. Can I change the figures on my Federal reports if they are incorrect?

A. Yes, once the data is in Aatrix Federal/State Tax Forms, you can change any figure on the reports that are highlighted blue. Any figure that is highlighted red must be changed before you can print the report. Any figure that is white cannot be changed, but it is a calculated number, so it can be changed by adjusting the fields around the white field.

 Changing the figures on this screen will only change the printed Federal reports, it will not change the data in your payroll program. If you make changes, you need to make sure your 941/943 report amounts match your W-2 report amounts for federal wages, social security, medicare wages, and withholding amounts.

Q. How can I ensure I have a copy of my Federal & State Reporting tax forms to review for historical purposes or when moving to a different computer?

A: The Aatrix History File contains your historical Federal/State Tax Forms and it is necessary to back this file up on a regular basis so that if you purchase a new computer the history can easily be transferred to the new computer by restoring the backup. Red Wing Software suggests backing up your Aatrix History File on a quarterly basis.

1. Select **File > Backup > Backup Aatrix History**.
2. Select the employers to back up history files for.
3. Click **OK**.
4. Select a location to save the AatrixHistoryBackup.zip file to, and then click **Save**.
5. At the Back Up Created message, click **OK**.

 The Aatrix History File folder will have one or more sub-folders, each sub-folder contains files for a specific EIN number.

If you are networked and would like to specify where the Aatrix history files are saved instead of the default location <ProgramData>\Red Wing Software\CenterPoint\Aatrix\, follow the steps below.

1. Select **File > Preferences > Reports > Federal/State Tax Forms**.
2. Click the **Application** tab.
3. In the **Use Non-Default File Location** box, select **Yes**.
4. In the **Non-Default File Location** box, change the displayed default location to the network location you want to save the Aatrix History file to.
5. Click **Save**.

 If you do not use a custom file location (the Use Non-Default File Location box is set to No), the Red Wing Software default location used is <Users>\<User>\AppData\Local\Aatrix Software\Aatrix Forms\Red Wing\.

 You can still perform a manual back up of the Aatrix history files by following the local computer steps above.
